

**PARK CITY COUNCIL MEETING MINUTES
445 MARSAC AVENUE
PARK CITY, SUMMIT COUNTY, UTAH 84060**

January 9, 2020

The Council of Park City, Summit County, Utah, met in open meeting on January 9, 2020, at 4:15 p.m. in the City Council Chambers.

Council Member Joyce moved to close the meeting to discuss property and personnel at 4:15 p.m. Council Member Gerber seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

CLOSED SESSION

Council Member Joyce moved to adjourn from Closed Meeting at 5:00 p.m. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

WORK SESSION

Discuss the Implementation of Candidate Filing Fees for Municipal Elections:

Michelle Kellogg, City Recorder, presented this item. She noted the trend across the state for implementing candidate filing fees as a way to dissuade those filing for office that were only interested in benefitting professionally or personally from having their name on a ballot. She indicated those who gave monetary consideration or time in any endeavor, valued that thing, and she hoped all potential candidates would have the desire to serve the community as the main reason for filing for office.

Kellogg proposed to implement a \$150 fee for Mayoral candidates and \$100 fee for Council candidates with a provision that those who file could have the fee waived if they brought in 100 signatures from Park City registered voters.

Council Member Gerber asked who would verify the signatures, to which Kellogg indicated the County Clerk would verify the signatures were valid. Council Member Henney asked if the County would charge for the signature verification, to which Kellogg

thought there would not be a charge, and noted she didn't think the majority of candidates would opt for the signature collection option when filing for office.

Council Member Henney favored creating a qualification requirement such as the current fee/signature collection proposal. Council Member Doilney felt 100 signatures was a fair number to assess, and supported the fee/signature proposal.

Mayor Beerman asked how many registered voters were in the City, to which Kellogg indicated there were a little over 5,000, so 100 signatures was approximately two percent of registered voters. Mayor Beerman thought the option of collecting signatures was a great alternative that could be offered to candidates who didn't want to pay the filing fee.

Kellogg stated she would bring this back to a future meeting as a code amendment. Council Member Joyce requested to clarify the process for verifying signatures, the timeframe for turning in signatures, lack of a sufficient number of signatures, etc. Council Member Henney asked if there could be a delayed filing period for those that opted to collect signatures. Council Member Gerber thought those running for office should be prepared and should have thought out the commitment prior to filing. Kellogg asserted there was a provision in state code where the validity of a candidate could be contested up to five days after the filing period was closed, so that would give the County Clerk enough time to verify the 100 signatures that a candidate brought in. If the number came up short of 100, the candidate would not be eligible to run for office. She indicated she would be advising candidates to collect more than 100 signatures in order to have a buffer in the event there were signatures from people that weren't registered voters in Park City.

Update on Zoning Recommendations for the Local Parks Preservation Master Plan:

Tate Shaw, Recreation Services Manager, Eric Hoffman, Ed Parigian, and Jane Campbell were present for this item. Shaw reviewed the Recreation Advisory Board (RAB) visioning process and research for five parks within the City: Creekside Park, Rotary Park, Prospector Park, City Park and the golf course. Campbell stated the master plan was written to protect parks for future generations. They added barriers in the plan for changing the use of the parks as they exist now, but it would still be possible to change the use with voter approval. Hoffman reviewed the barriers, including holding five public meetings over a three month period, four affirmative votes by the City Council, and a voter referendum within 180 days of Council approval, with a 60% voter approval minimum in order to effect the change. Parigian indicated RAB tried to clean up the Recreation Open Space (ROS) zoning, but these five parks didn't fit into the zoning categories. They created an Urban Park Zone (UPZ). Shaw stated an UPZ could be an overlay within another zone. Hoffman stated the hope was to preserve the parks moving forward.

Campbell asked if the proposed zoning could be taken to the Planning Commission for a recommendation before bringing it back for approval. Council Member Gerber asked if public art could be part of the zoning, to which Shaw stated he would look at the language for those zones.

Council Member Worel noted one of the conditional uses included a child care center, which she thought would allow summer camps. She asked if that language would also allow for child care providers, such as PC Tots. Shaw indicated those providers would be allowed, but would need a City agreement. Council Member Worel thought some of the conditional uses were flexible, but she felt a child care center was commercial, and those shouldn't be allowed in the park. Shaw noted he would work on that language. It was indicated there were limits to the size of the building. Shaw stated it could be a conditional use, but it would have to go through the process.

Council Member Joyce stated Conditional Uses Numbers 3 and 15 referred to parking areas, and they needed to be looked at again. He liked the new zone and asked where the barriers would fit into the process and would be referenced in the code and the General Plan. Bruce Erickson stated the requirements would fall in the code with the new zone and stated it would be in the code amendments when it came back for Council approval. He indicated his preference would be to rezone because there were so many overlay zones that it was becoming hard to fit things together.

The Council agreed to keep the process moving forward.

REGULAR MEETING - 6:00 p.m.

I) ROLL CALL

Attendee Name	Status
Mayor Andy Mayor Beerman Council Member Max Doilney Council Member Becca Gerber Council Member Tim Henney Council Member Steve Joyce Council Member Nann Worel Matt Dias, City Manager Mark Harrington, City Attorney Michelle Kellogg, City Recorder	Present
None	Excused

II) APPOINTMENTS

1. Consideration to Appoint a Mayor Pro Tem and Alternate for Calendar Year 2020:

Mayor Beerman proposed Council Member Joyce as Mayor Pro Tem and Council Member Doilney as Alternate Mayor Pro Tem.

Mayor Beerman opened the meeting for public input. No comments were given. Mayor Beerman closed the public input portion of the meeting.

Council Member Henney moved to appoint Council Member Joyce as Mayor Pro Tem and Council Member Doilney as Alternate Mayor Pro Tem for Calendar Year 2020. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

2. Consideration to Appoint Matt Dias as the City Manager of Park City Municipal Corporation:

Brooke Watters, Human Resources Manager, proposed that Matt Dias be appointed as City Manager.

Mayor Beerman opened the meeting for public input.

Betsy Wallace congratulated Dias and stated he was a great person to work with.

Mayor Beerman closed the public input portion of the meeting.

Mayor Beerman indicated Dias was with the City for a while and he consistently exceeded expectations with Council, staff and the community. This appointment would be in the best interest of the community.

Council Member Gerber moved to appoint Matt Dias as the City Manager of Park City Municipal Corporation. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

Dias thanked Council, staff, the community, and his family for the support he had received.

III) COMMUNICATIONS AND DISCLOSURES FROM COUNCIL AND STAFF
Staff Communications Reports:

1. Summer Day Camp Registration 2020:

IV) PUBLIC INPUT (ANY MATTER OF CITY BUSINESS NOT SCHEDULED ON THE AGENDA)

Mayor Beerman opened the meeting for public input on matters not being addressed on the agenda.

Charlie Sturgis requested a different way of messaging to help with the traffic. He sent a list of suggestions to Summit County and would send it to Council and Transportation Planning as well. He also asked to prohibit hunting on City lands. He noted trapping on Round Valley, Treasure Hill and other property should be stopped as well.

Ashton Smith lived in Park City for 10 years. He spoke on the Drop, Load and Staging (DLS) zones. He had years of guest experience as a transit driver and Uber driver and he felt the rollout of this zone was a blunder. He received comments from other Uber drivers that this zone was harassment, confusing and inconvenient. He requested that the zones be on both sides of the street or cancelled altogether. He felt this affected visitors to the City.

Mayor Beerman closed the public input portion of the meeting.

Council Questions and Comments:

The Council and Mayor Beerman reviewed the events, activities, and meetings they attended since the last meeting.

V) CONSIDERATION OF MINUTES

Consideration to Approve the City Council Meeting Minutes from December 19, 2019:

Council Member Gerber indicated on Page 12, Line 36, she referred to no amplified music.

Council Member Joyce moved to approve the City Council meeting minutes from December 19, 2019, as amended. Council Member Gerber seconded the motion.

RESULT: APPROVED

AYES: Council Members Gerber, Henney, Joyce, and Worel

ABSTAIN: Council Member Doilney

VI) CONSENT AGENDA

1. Consideration to Approve the Water Right Purchase and Sale Agreement among National Ability Center, Park City Municipal Corporation, and Park City Water Service District:

2. Request to Approve Type 2 Convention Sales Licenses for Businesses Operating During the 2020 Sundance Film Festival:

3. Request to Approve Single Event Temporary Liquor Licenses for Operation During the 2020 Sundance Film Festival:

4. Request to Approve a Recreational Use Lease with Storied Development on the Bonanza Flat Property Consistent with the 2017 Bonanza Flat Purchase Agreement and in a Form Approved by the City Attorney:

5. Request to Authorize the Mayor to Enter into a City Manager Agreement with Matt Dias in a Form Approved by the City Attorney:

Council Member Worel moved to remove Item Three from the Consent Agenda for further discussion. Council Member Joyce seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

Council Member Gerber moved to approve Consent Agenda Items One, Two, Four and Five. Council Member Joyce seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

3. Request to Approve Single Event Temporary Liquor Licenses for Operation During the 2020 Sundance Film Festival:

Beth Bynan, Business License Specialist, Hannah Tyler, Senior Planner, and Jonathan Weidenhamer, Economic Development Manager, were present for this item. Bynan reviewed Council's request for a discussion on vibrancy.

Tyler reviewed the process for changing the code to require storefront vibrancy as a condition for a temporary liquor license during the Sundance Festival. Vertical zoning was required for real estate and other offices, so they would not be on ground level. A cap was also placed on the width of storefronts. She noted second levels and basements were not regulated since staff was only concerned with the Main Street view. She noted 2018 was a grace period, in 2019 warnings were given, and in 2020 enforcement began.

Bynan stated staff inspected storefronts each quarter for vibrancy. She explained Chefdance was given an exception. It was initially denied a temporary liquor license, but

the wrong property was denied. Upon review, it was determined Chefdance was in the basement and had no storefront, so a temporary license was approved. Council Member Worel asked if they applied for the space where the Cabin was located in 2019. Bynan indicated they had, and it was assumed they would use that space again. They clarified they would be using the basement space and their application was moved forward.

Council Member Joyce asked about the application process. Bynan explained the application was denied in December. They had now submitted a new application with the new details. It was four out of 12 possible late applications that could be accepted.

Council Member Worel stated there was a huge sign on Main Street and it appeared to be a Main Street storefront. Council Member Joyce noted business offices on second levels had signs and they weren't on Main Street.

Mayor Beerman opened the meeting for public input.

Betsy Wallace, Sundance, stated there was a sign and Chefdance stayed shuttered, so it felt like something was being missed.

Mayor Beerman closed the public input portion of the meeting.

Council Member Henney agreed with Tyler that the City had success in creating more vibrancy on Main Street and appreciated this discussion.

Council Member Joyce moved to approve the Single Event Temporary Liquor Licenses for operation during the 2020 Sundance Film Festival. Council Member Gerber seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, and Joyce

NAY: Council Member Worel

VII) OLD BUSINESS

1. Consideration to Approve the First Addendum to the City Services Agreement in a Form Approved by the City Attorney for a Two Year Extension of the Park Silly Sunday Market (PSSM) Contract for 2021 and 2022:

Jenny Diersen, Special Event Manager, and Kate McChesney, PSSM, were present for this item. Diersen requested approval for a two year contract extension. One change in the contract was a recommendation to update the insurance.

Council Member Worel indicated there was a typo on Page One of the addendum, noting the third “whereas” should say 2020 instead of 2019.

Mayor Beerman opened the meeting for public input. No comments were given. Mayor Beerman closed the public input portion of the meeting.

Council Member Worel moved to approve the first addendum to the City Services Agreement in a form approved by the City Attorney for a two year extension of the Park Silly Sunday Market (PSSM) Contract for 2021 and 2022. Council Member Doilney seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

2. Consideration to Approve an Exchange Agreement with Girl Scouts of Utah for Property Located within Bonanza Flat in a Form Approved by the City Attorney:

Heinrich Deters, Trails and Open Space Manager, and Wendy Fisher, Utah Open Lands Executive Director, as well as Lisa Hardin-Reynolds, Girl Scouts Executive Director, and Leslie Egan, Girl Scouts Board Chair, were present for this item. Deters reviewed the land exchange proposal. He noted the Girl Scouts would build cabins and improve the surrounding 16 acres as part of their camp. The City would use its portion for preservation purposes. There would also be a water easement for Bloods Lake and a pipeline would be run from the lake to the camp. The City would have first right of refusal if the Girl Scouts decided to sell the camp.

Hardin-Reynolds felt the land exchange met their needs as well as the needs of Park City. They had the camp for 80 years and were excited to be the owners of the camp. Egan stated there were 7,000 Girl Scouts in Utah and they all came to the camp. She expressed appreciation to the City for coming to a good agreement.

Mayor Beerman opened the public hearing. No comments were given. Mayor Beerman closed the public hearing.

Council Member Henney stated this was momentous and he knew having the Girl Scouts as a steward aligned well with the City's goals for the land.

Mayor Beerman thanked staff, Fisher and the Girl Scouts for their work, noting the City normally didn't let anyone have stewardship there.

Council Member Gerber moved to approve an exchange agreement with Girl Scouts of Utah for property located within Bonanza Flat in a form approved by the City Attorney. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

3. Consideration to Approve the Bonanza Flat Conservation Easement (BFCE) and Bonanza Flat Adaptive Management Plan (BFAMS), and Grant the Easement to Utah Open Lands (UOL):

Heinrich Deters, Trails and Open Space Manager, and Wendy Fisher, Utah Open Lands Executive Director, presented this item. Fisher reviewed all that happened since Bonanza Flat was purchased. She stated the needs of the property were balanced and she felt it would be an amazing opportunity for both humans and wildlife.

Matt Dias thanked Tom Daley, Lisa Roadfuss, Heinrich Deters and Logan Jones, as well as Wendy Fisher, for thousands of hours devoted to this conservation easement.

Mayor Beerman opened the meeting for public input.

Kyle Daluga, veterinarian in Cottonwood Heights, conveyed his dismay that dogs were prohibited at Bloods Lake and thought the dog community was left out of the discussion. Dogs needed an alpine lake for health reasons. He had no idea the dog ban was happening, and thought UV filters or other solutions could be identified. He asserted a segment of constituents were being cut out. He acknowledged the land was being abused, but knew that with active management, such as garbage can placement, there was more responsibility from users. He brought a petition with 700 signatures supporting dog access to Bloods Lake.

Mayor Beerman closed the public input portion of the meeting.

Mayor Beerman explained dogs were valued in the City and it had the biggest dog park in the U.S. Dogs had been discussed and data taken before making the decision to ban them from this area. He noted there were other trails at Bonanza Flat that allowed dogs, but Bloods Lake needed to be preserved because it was the drinking water source for the Girl Scouts camp.

Council Member Gerber expressed appreciation and excitement for this conservation easement. Council Member Doilney agreed and noted this had been an ongoing conversation for six months. He stated Park City now had a backyard, and he was glad this property was saved from development.

Mayor Beerman indicated when he was first elected to the Council he had a dream to protect this property. Now eight years later the dream had become a reality.

Council Member Gerber moved to approve the Bonanza Flat Conservation Easement and Bonanza Flat Adaptive Management Plan, and grant the easement to Utah Open Lands. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

4. Consideration to Ratify the Findings of Fact and Conclusions of Law for the Denial of the Proposed Conditional Use Permit Located at 901 Woodside Avenue:

Caitlyn Barhorst, Historic Preservation Planner, presented this item and indicated Council denied the conditional use permit on December 19, 2019. She explained the action tonight would ratify the decision made on December 19th.

Council Member Joyce proposed amending the Findings of Fact Number Two by adding, "Historic structures that do not comply with off-street parking and driveway location standards are valid complying structures in the HR1 Zoning District.

Council Member Joyce moved to ratify the findings of fact and conclusions of law for the Denial of the Proposed Conditional Use Permit located at 901 Woodside Avenue as amended. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Gerber, Henney, Joyce, and Worel

ABSTAIN: Council Member Doilney

VIII) NEW BUSINESS

1. Consideration to Approve Ordinance 2020-01, an Ordinance Approving the 2020 Regular Meeting Schedule for City Council:

Mayor Beerman noted some proposed changes to the annual meeting schedule, changing the meeting on June 4 to June 11, and changing the meeting on August 6 to August 4.

Mayor Beerman opened the meeting for public input. No comments were given. Mayor Beerman closed the public input portion of the meeting.

Council Member Gerber moved to approve Ordinance 2020-01, an ordinance approving the 2020 Regular Meeting schedule for City Council as amended. Council Member Worel seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

2. Consideration to Approve Ordinance 2020-02, an Ordinance Approving the Lilac Hill Subdivision Located at 729, 741, 747, 751, 755 Rossie Hill Drive:

Caitlyn Barhorst, stated there would be a singular vehicular access for the five lots. Council Member Gerber asked if Lot 5 went through the house. After some discussion it was indicated there weren't any lot lines through houses on this property. Council Member Worel asked if the sheds were historic. Barhorst stated they could be historic, but they were not listed on the Historic Sites Inventory. Frank Watanabe, Developer, stated the shed and power pole would be removed when the shared driveway was installed.

Council Member Joyce asked if there would be off-street parking, to which Barhorst responded in the affirmative.

Mayor Beerman opened the public hearing.

Robert Gersh submitted a statement for this meeting and the Planning Commission. He felt this development was a good solution for a low density area. He liked the single driveway for the five lots and thought it would mitigate traffic issues.

Jason Parker asked for more information on the two new lots including what the setbacks were. He stated the condos nearby had a 15 foot setback and snow piled up in the winter. Barhorst stated the setbacks were listed in the staff report.

Diane Bernhardt stated in 2016 the neighbors came and expressed concern over this development because of the traffic congestion. She thanked Council for this final product and was pleased with the efforts made.

Mayor Beerman closed the public hearing.

Council Member Joyce moved to approve Ordinance 2020-02, an ordinance approving the Lilac Hill Subdivision located at 729, 741, 747, 751, 755 Rossie Hill Drive. Council Member Henney seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

3. Consideration to Approve Ordinance 2020-03, an Ordinance Approving the Two-Lot Silver Rail Subdivision located at 2080 Gold Dust Lane and 2211 Sidewinder Drive, Park City, Utah:

Alex Ananth, Planner, and Stanton Jones were present for this item. Ananth reviewed the request for the two lot subdivision. She noted the owner would maintain the 78 parking stalls for health club use. There were requests for a zone change, but that did

not come to fruition. This plat approval would change the metes and bounds property description to a subdivision.

Council Member Joyce asked why there was a parking study in conjunction with a zone change. Ananth stated the study was done in anticipation of further pursuit of a rezone request. Jones stated there was the housekeeping item from Planning Commission of cleaning up the property and putting it in a subdivision and a rezone. The Planning Commission continued the rezone. They thought parking was an issue for the health club, but there wasn't one. He added that the Lot Two development would include underground parking.

Council Member Gerber requested that Planning Commission minutes be included in future Planning items brought to the Council.

Mayor Beerman opened the public hearing. No comments were given. Mayor Beerman closed the public hearing.

Council Member Worel moved to approve Ordinance 2020-03, an ordinance approving the two-lot Silver Rail Subdivision located at 2080 Gold Dust Lane and 2211 Sidewinder Drive, Park City, Utah. Council Member Gerber seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

5. Consideration to Continue an Ordinance Amending the Zoning Map from Residential Development to General Commercial for 2080 Gold Dust Lane and 2211 Sidewinder Drive, Park City, Utah:

Mayor Beerman opened the public hearing. No comments were given. Mayor Beerman closed the public hearing.

Council Member Doilney moved to continue an ordinance amending the zoning map from Residential Development to General Commercial for 2080 Gold Dust Lane and 2211 Sidewinder Drive, Park City, Utah to a date uncertain. Council Member Joyce seconded the motion.

RESULT: CONTINUED TO A DATE UNCERTAIN

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

4. Consideration to Approve Ordinance No. 2020-04, an Ordinance Approving a Zoning Map Amendment for Seven Tracts of Land Zoned Residential Development, Estate, Historic Residential-Low Density, and Residential Development-Medium Density to Recreation and Open Space (ROS), Including

Bureau of Land Management Parcel 17 Tracts 1, 2, 4 and Parcel 18 Tracts 1, 2, 6 and 7, Park City, Utah:

Alex Ananth, Planner, stated the tracts listed for rezoning were owned by the Bureau of Land Management (BLM), they were mining claims and did not have structures on them. She noted Tract Three was removed from the zoning map amendment.

Mayor Beerman opened the public hearing.

Diane Bernhardt was grateful this worked out for the best. She reviewed the background for a community stairway in this area and hoped there would be discussions to ensure the stairway construction. It was noted the developer had three years after the last Certificate of Occupancy was issued to build the stairway.

Allison Kitching lived in the condos adjacent to this property that would be designated as open space. She was pleased with the balance of development and open space and was happy the historic homes nearby would be redeveloped.

Mayor Beerman closed the public hearing.

Council Member Joyce wanted to make sure the approval tonight wouldn't hurt the City in the future. Deters reviewed that the map that was being looked at was used by the BLM to determine when property would be disposed. The City didn't know the BLM timeline for this property. Council Member Joyce stated he saw "inadvertent trespass" on the map and didn't know what that meant. Deters stated there was a fence that a previous owner constructed on BLM land. The BLM could offer to sell the land with the fence to the owner.

Erickson indicated Planning was comfortable with the rezone for this property and noted the parcels would have to be combined if the property in question was sold to the owner with the fence encroachment. Council Member Doilney asked if the landowners were aware of the encroachment, to which Deters responded in the affirmative.

Council Member Joyce moved to approve Ordinance No. 2020-04, an ordinance approving a zoning map amendment for seven tracts of land zoned Residential Development, Estate, Historic Residential-Low Density, and Residential Development-Medium Density to Recreation and Open Space (ROS), including Bureau of Land Management Parcel 17 Tracts 1, 2, 4 and Parcel 18 Tracts 1, 2, 6 and 7, Park City, Utah. Council Member Gerber seconded the motion.

RESULT: APPROVED

AYES: Council Members Doilney, Gerber, Henney, Joyce, and Worel

Candidate Filing Fee Options:

- 1. Do Nothing**
- 2. Assess a:**
 - **\$150 Filing Fee for Mayoral Candidates and a**
 - **\$100 Fee for City Council Candidates, OR**
 - **Fee Waiver if 100 Signatures of Park City Registered Voters are collected.**
- 3. Assess a Filing Fee Only**

Local Parks Preservation Master Plan

Recreation Advisory Board

History:

How we got here:

- *Recreation Advisory Board Annual Visioning- 2017, 2018, 2019*
- *RAB study and research*
 - *Trends in Cities and Western Communities*
 - *National Forums*
 - *Entry Corridor Plan- McPolin Farm*
- *Discussion and alignment with Planning, Trails and Open Space and Legal*
 - *General Plan, Municipal Code, etc.*

Locations:

Creekside Park

Locations:

Rotary Park

Locations:

Prospector Park

Locations:

City Park

Locations:

Park City Municipal Golf Course

Master Plan Goal:

Allow for trends in Recreation while keeping parks for future generations

The goal is to provide additional protections in the case of...

- **Sale of the property**
- **Transfer of the land**
- **Re-zoning**

To ensure a public process allowing the community voice to be heard.

Master Plan Process:

Process:

- **Five public meetings over a three month period**
- **Affirmative vote of 4 out of 5 City Council Members**
- **Voter Referendum- 60%+**

Talking Points:

- Council direction was...
 - Language for adding parks
 - Clean up ROS zoning language for allowed uses.

Talking Points:

- As we intended to 'clean up' Recreation Open Space Zoning, it led to the development of a new zone...
- UPZ- The Urban Park Zone:
 - Blend of ROS- Recreation Open Space and POS- Protected Open Space
 - More restrictive and detailed in the nature of use
 - Parking
 - Infrastructure development
 - Future use and interests

Talking Points:

15-2.8-1 Purpose

The purpose of the Protected Open Space (POS) District is to:

15-2.7-1 Purpose

The purpose of the Recreation and Open Space (ROS) District is to:

The purpose of the Urban Park Space (UPS) District is to:

1. provide additional restrictions specific to UPS Districts that fall within ROS/POS Districts
 2. promote useable, public, non-improved, non-commercial, connected and contiguous Open Space for community benefit;
 3. promote open lands that remain fundamentally undisturbed;
 4. prohibit construction on ridge lines and Steep Slopes, or in wetlands, watersheds, and view sheds;
 5. promote the preservation of Historic Sites,
 6. preserve the vegetation and habitat of natural Areas,
 7. provide incentives to protect Open Space and conservation resources through voluntary conservation easements and/or deed restrictions; and
 8. provide for careful review of low-intensity recreational Uses and environmentally-sensitive, non-motorized trails.
-
1. establish and preserve districts for land uses requiring substantial Areas of open land covered with vegetation and substantially free from Structures, Streets and Parking Lots,
 2. permit recreational Uses and preserve recreational Open Space land,
 3. encourage parks, golf courses, trails and other Compatible public or private recreational Uses, and
 4. preserve and enhance environmentally sensitive lands, such as wetlands, Steep Slopes, ridge lines, meadows, stream corridors, and forests.
 5. encourage sustainability, conservation, and renewable energy.

15-2.8-2 Uses

Uses in the POS District are limited to the following:

15-2.7-2 Uses

Uses in the ROS District are limited to the following:

Uses

Uses in the UPS District are limited to the following:

2. **ALLOWED USES**
 1. Conservation Activity

Park Silly Sunday Market 2 Year Contract Extension

Staff recommends Council hold a public hearing and approve and Addendum for a 2 Year Contract Extension.

Modifications to Existing Terms: (2021 & 2022)

1. Date conflict in 2021 with 4th of July – PSSM program lower Main.
2. Minor Ops. Changes – No vendor parking on Park Ave.; Bollard Installation; Reduction in Allowed Noise Levels; Enhanced Pedestrian Management (Main & Heber) & Insurance required.
3. Overall cost of City Services (\$80k) stays same per contract - Minor tweaks for ops include:
 - City Services for 11 markets estimated at \$60,500
 - Bollard Installation \$14,000 to begin in 2021
 - Estimated PSSM will pay \$5,500 for City Services starting in 2021

Girl Scouts of Utah and Park City Municipal Land Exchange Bonanza Flat

Land Exchange/Covenants

GSU acquires fee title of approximately 16 acres (in blue) of previously leased land where vital infrastructure including a ranger cabin, several cabins and restroom/shower facilities are located, in addition to shore line and lake property not previously leased but owned by PCMC, where docks and programming takes place.

Restrictive Covenant

GSU will place a Restrictive Covenant on all the property they acquire or retain, which allows for continued use of the camp, additional development of camp infrastructure and repair/replacement of existing infrastructure

PCMC acquires fee title of approximately 170 acres (in orange) of protected open space, to be encumbered by the BFCE, where existing trails connect to and from Lake Lackawaxen, Silver Islet and Culvert Meadow.

Conservation Easement

PCMC agrees to place the Bonanza Flat Conservation Easement on all property they acquire in the Agreement.

Protection Zone and Water Lease:

GSU acquires a Water Lease and easements for water service and infrastructure. Additionally, a Protection Area, (**green dashed line**) which improves the security and sustainability of the camp and related programming will be established.

Both of these provisions are exclusive to GSU.

Future Considerations

Option and Bonanza Flat Conservation Easement

PCMC acquires an option to purchase the property when/if GSU ever ceases operation of the camp, sells or transfers ownership. Additionally, GSU agrees to encumber the property/camp with the Bonanza Flat Conservation Easement when/if GSU ever sells or transfers ownership in the property/camp.

Should PCMC not exercise their purchase option, GSU would be able to sell/transfer the property/camp to a third party as encumbered by the Bonanza Flat Conservation Easement.

MONITOR

MONITOR

MONITOR

2080 Gold Dust Lane & 2211 Sidewinder Drive Subdivision

City Council
January 9, 2020

Background

- ▶ Site consists of 3 Parcels, Silver Mountain Sports Club and Parking Areas
- ▶ Parking Parcels accessed through Prospector Condominium Parking Area for which they have easement
- ▶ Request to create 2-Lot Subdivision
- ▶ Concurrent Zoning Map Amendment Application Continued by Planning Commission at their December 11, 2019 Meeting

Proposed Subdivision

Zone Allowance:	Residential Development	Proposed Lots	
		<u>Lot 1</u>	<u>Lot 2</u>
<i>Lot Size</i>	<i>No Minimum</i>	<i>2.27 acres (98,881 SF)</i>	<i>.66 acres (28,750 SF)</i>
<i>Density</i>	<i>3 units per acre, (or up to 5 units per acre with a MPD)</i>	<i>6 units</i>	<i>1 unit (up to 3 units with an MPD)</i>
<i>Setbacks</i> <i>Front Setback</i> <i>Front Setback – New front facing garages</i> <i>Rear Setback – Main Buildings</i> <i>Rear Setback – Accessory Buildings and detached garages</i> <i>Side Setback</i>	<i>20 feet</i> <i>25 feet</i> <i>15 feet</i> <i>10 feet</i> <i>12 feet</i>	<i>> 20 feet</i> <i>>15 feet (rear)</i> <i>>12 feet (side)</i>	<i>No Plans Submitted</i>
<i>Building Height</i>	<i>28 feet from existing grade</i>	<i>38 feet (existing non-conforming)</i>	

Issues – Parking and Access

- ▶ A CUP in 2000 increased the floor area, added swimming pool, added 23 parking spaces for a total of 78 parking spaces, meeting parking requirement in effect at time based on building occupancy and in conjunction with Prospector Square Condominiums.
- ▶ Current parking requirement for Commercial Recreational Facility would require 144 parking stalls based on building size.
- ▶ ***Applicant has agreed that they will maintain 78 parking stalls for the Health Club Use (COA #5)***
- ▶ ***Planning Commission Continued the request for a Zoning Map Amendment for the 2 Lots until the applicant can submit a parking study analyzing parking demand for the Sports Club***
- ▶ ***Also wanted to further understand access through Prospector Square Condominiums Parking Area***

Good Cause and Recommendation

- ▶ Lot 1 would continue to operate as a health club and Lot 2 would create a legal lot of record from two lots.
- ▶ Staff recommends the City Council conduct a Public Hearing on the request to create a two-lot Subdivision from three parcels, consider public input, and consider approving the requested Silver Rail Subdivision pursuant to the Findings of Fact, Conclusions of Law and Conditions of Approval at outlined in the Ordinance.

BLM Parcel 17 Tracts 1, 2, 4 & Parcel 18 Tracts 1, 2 , 6, 7
Zoning Map Amendment

City Council
January 9, 2020

Background

- ▶ All 7 Parcels are BLM owned former mining claims and contain no buildings
- ▶ Existing Zoning includes RD, Estate, HRL and RDM
- ▶ City proposing to Rezone Tracts to Recreation Open Space (ROS)
- ▶ Removing Parcel 17 Tract 3 from Rezoning request at this time

BUREAU OF LAND MANAGEMENT
WEST DESERT DISTRICT

Park City Land Sale Parcel/Tract Identification Map

R 4 E

Proposed Zoning Map Amendment

Parcels/Tracts

Parcel	Ownership	Summit County Parcel Number	Existing Zoning	Tract Size (SF)	Existing Land Use Conditions	Proposed Zoning	Proposed Land Use	Development Potential
Parcel 17 Track 1	BLM	No Number	RD (3 per acre)	~20,000	Undeveloped	ROS	Open Space	1 Unit
Parcel 17 Track 2	BLM	No Number	RD (3 per acre)	~2,500	Undeveloped	ROS	Open Space	NA
Parcel 17 Track 3	BLM	No Number	E and RM	Unknown	Undeveloped	ROS	Open Space	NA
Parcel 17 Track 4	BLM	No Number	E (0.3 per acre)	~51,500	Undeveloped	ROS	Open Space	NA
Parcel 18 Tract 1	BLM	PC-537-X	HRL (3,750 SF per unit)	~8,400	Undeveloped	ROS	Open Space	2 Units
Parcel 18 Tract 2	BLM	PC-537-X	RM (Single Family Dwelling 2,812 SF, Duplex Dwelling 3,750 SF, Triplex Dwelling 4,687 SF)	~5,700	Undeveloped	ROS	Open Space	2 Units, or Duplex, Triplex, Multi-Unit Dwelling by CUP
Parcel 18 Tract 6	BLM	PC-537-X	HRL (3,750 SF per unit)	~1,200	Undeveloped	ROS	Open Space	NA
Parcel 18 Tract 7	BLM	PC-537-X	HRL (3,750 SF per unit)	~2,300	Undeveloped	ROS	Open Space	NA

Good Cause

- ▶ Zoning Map Amendment will preserve existing open space that serves as trails, wildlife and view corridors, will not cause undo harm to adjacent property owners and will preserve the character of the existing neighborhood and further the health, safety and welfare of the Park City community

Staff Findings and Recommendations

- ▶ Staff recommends the City Council review the Zoning Map Amendment, hold a Public Hearing, consider public input, and consider approving the Zoning Map Amendment based on the Findings of Fact, Conclusions of Law, and Conditions of Approval subject to the draft Ordinance.

Subject: Public Input: Rezone Parcels 17 & 18

To the Honorable Mayor, Park City City Council, Park City Planning Commission and Park City Municipal Staff,

In 2016, a petition was presented to City Council evidencing community support for the preservation of the historic land and cottages on Parcel 18. As a result of that petition, in 2017 City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. Recent resolution of a decades-long ownership rights struggle by the Dennis Family has put part of this property into private ownership and has moved the remainder of the land still held by the BLM into the process of federal auction. I am writing to you today to ask you to recommend and approve a rezone of the remaining land in BLM parcels 17 & 18 in order to complete Park City's 2017 zone change to protect the land.

Specifically, I request the approval of a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. I am requesting your action on this zone change occur as soon as possible and certainly prior to the imminent sale of this land by the BLM.

Thank you for your service and continued interest in and enthusiasm for preservation of the open space on and near Rossie Hill: BLM Parcels 17 and 18.

Respectfully,

Duff Stewart

Subject: Rezone of BLM parcels

The Sunnyside Homeowners Association supports a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. We believe the parcels should be preserved as open space. We are concerned that development of these parcels will lead to further traffic congestion at the corner of Deer Valley Drive and Rossi Hill Drive. With development of the April Mountain Subdivision this intersection has experienced substantial additional traffic in recent years and turning off of and onto Deer Valley Drive from Sunnyside is becoming more difficult and dangerous. We also support the use of these parcels for recreational hiking and biking activities.

Specifically, I request the approval of a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. I am requesting your action on this zone change occur as soon as possible and certainly prior to the imminent sale of this land by the BLM.

Thank you for your service and continued interest in and enthusiasm for preservation of the open space on and near Rossie Hill: BLM Parcels 17 and 18.

Respectfully,
Christina Marie Shiebler

Subject: Zoning Map Amendments BLM Lots 17 & 18

To the Honorable Mayor, Park City City Council, Park City Planning Commission and Park City Municipal Staff,

I am writing to ask you to recommend and approve a rezone of the remaining land in BLM parcels 17 & 18 in order to complete Park City's 2017 zone change to protect the land.

In 2016, a petition was presented to City Council evidencing community support for the preservation of the historic land and cottages on Parcel 18. As a result of that petition, in 2017 City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. Recent resolution of a decades-long ownership rights struggle by the Dennis Family has put a significant part of this property into private ownership and has moved the remainder of the land still held by the BLM into the process of federal auction.

I ask that you approve a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. I request this zone change occur as soon as possible and certainly prior to the imminent sale of this land by the BLM.

Thank you for your service and continued interest in and enthusiasm for preservation of the open space on and near Rossie Hill: BLM Parcels 17 and 18.

Respectfully,
John Mason
650 Rossie Hill Drive

To the Honorable Mayor, Park City Council, Park City Planning Commission and Park City Municipal Staff,

In 2016, I signed a petition which was presented to City Council evidencing community support for the preservation of the historic land and cottages on Parcel 18. As a result of that petition, in 2017 City Council approved a rezone of most of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. Recent resolution of a decades-long ownership rights struggle by the Dennis Family and related matters has put part of this property into private ownership; the remainder of the land held by the BLM is to be the subject of federal auction. I ask you to recommend and approve a rezone of the remaining land in BLM parcels 17 & 18 to complete Park City's 2017 zone change to protect the land.

Specifically, I request the approval of a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. December 1, 2019

The Honorable Mayor, Park City City Council and Park City Planning Commission
Park City Municipal Corporation
445 Marsac Avenue, PO Box 1480
Park City, UT 84060-1480

Honorable Mayor, City Council, and Planning Commission,

I am writing to you on behalf of the Snow Park Homeowners Association, Sunspot Homeowners Association, and Save Rossie Hill Historic Open Space Alliance. This alliance, created in 2016, is a community of active and interested Park City residents and property owners who care deeply about the future of Park City. We would like to thank you for your continued interest in and enthusiasm for preservation of the open space on and near Rossie Hill: BLM Parcels 17 and 18.

In 2017, City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. Today I am presenting to you a petition that represents our community's continued support for the preservation of this land. It asks specifically for a zone change to protect the remainder of the land held by the BLM. We request that action on this zone change occurs as soon as possible, and certainly prior to the imminent sale of this land by the BLM.

Text of the petition:

Save Rossie Hill Historic Open Space

SAVE Park City's Last Historic Open Space!

This 5.24-acre urban open space is located on Deer Valley Drive after the "Condo Canyon" following the Deer Valley roundabout. This land, known as Parcels 17 and 18, has been owned by the BLM for over 100 years and is remarkable for its uncommon variety:

Historical: It holds historic significance for its cluster of National Historic Register, mining boom era cottages.

Recreational: It includes an established trailhead and well-loved recreational trails built by Mountain Trails Foundation.

Ecological: It is the fall breeding grounds for moose and deer and a critical migration path from Rossie Hill to their primary water source and to the Aerie Open Space.

Recent resolutions of decades-long ownership rights struggles have put part of this property into private ownership, marking the beginning of a new era for this unique piece of land. In 2016, a

petition was presented to City Council evidencing community support for the preservation of the historic land and cottages. In 2017, City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. This petition asks for a zone change to protect the remainder of the land held by the BLM.

We the undersigned declare:

In order to support the preservation of this irreplaceable open space for future generations, the protection of vulnerable wildlife, for the advancement of the community's trail network, and the restoration and preservation of the history mining-era cottages, we respectfully request that Park City officials approve a zoning map amendment from the current zone to Recreation Open Space for the following BLM tracts:

Parcel 17 Tracts 1-4
Parcel 18 Tracts 1, 2, 4 and remnants .

The petition asks Park City officials to approve a zoning map amendment from the current zone to Recreation Open Space for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. The urgency of this zoning change is critical so we ask Park City officials to act on this request as soon as possible.

Please find attached a map of the parcels to be rezoned and the paper petition. You can view additional on-line signers at: [Save Park City's Last Open Space!](#)

Thanks again for your time and consideration.

Sincerely yours,

Diane Bernhardt

Historical: It holds historic significance for its cluster of National Historic Register, mining boom era cottages.

Recreational: It includes an established trailhead and well-loved recreational trails built by Mountain Trails Foundation.

Ecological: It is the fall breeding grounds for moose and deer and a critical migration path from Rossie Hill to their primary water source and to the Aerie Open Space.

Recent resolutions of decades-long ownership rights struggles have put part of this property into private ownership, marking the beginning of a new era for this unique piece of land. In 2016, a petition was presented to City Council evidencing community support for the preservation of the historic land and cottages. In 2017, City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development.

This petition requests the completion of the 2016 zone change request. We, the undersigned, declare:

1) We support the preservation of the irreplaceable open space for future generations, the protection of vulnerable wildlife, for the advancement of the community's trail network, and the restoration and preservation of the historic mining-era homes.

2) We respectfully request that Park City officials approve a zoning map amendment from current zone to Recreation Open Space for the following BLM tracts, a map of which is attached:

- Parcel 17 Tract 1
- Parcel 17 Tract 2

Subject: The Preservation of Open Space
Date: Wednesday, December 11, 2019 7:06:12 AM

To the Honorable Mayor, Park City City Council, Park City Planning Commission and Park City Municipal Staff,

In 2016, a petition was presented to City Council evidencing community support for the preservation of the historic land and cottages on Parcel 18. As a result of that petition, in 2017 City Council approved a rezone of a majority of the land to promote the preservation and restoration of the heritage homes in their original setting and the protection of the open space from new land development. Recent resolution of a decades-long ownership rights struggle by the Dennis Family has put part of this property into private ownership and has moved the remainder of the land still held by the BLM into the process of federal auction. I am writing to you today to ask you to recommend and approve a rezone of the remaining land in BLM parcels 17 & 18 in order to complete Park City's 2017 zone change to protect the land.

Specifically, I request the approval of a zoning map amendment from the current zone to Recreation Open Space (ROS) for BLM Parcel 17 Tracts 1-4 and BLM Parcel 18 Tracts 1, 2, 4 and remnants. I am requesting your action on this zone change occur as soon as possible and certainly prior to the imminent sale of this land by the BLM.

Thank you for your service and continued interest in and enthusiasm for the preservation of the open space on and near Rossie Hill: BLM Parcels 17 and 18.

Respectfully,
Lance and Rania Anderson
656 Coalition View Court
Park City, UT 84060

Recipient: Utah Open Lands

Letter: Greetings,
Dog access to bloods lake

Comments

Name	Location	Date	Comment
Adrian Adair	Utah	2019-07-17	"Dog owners need more options, not less. Doing it for my very good boy"
Cami Reeder	South Jordan, UT	2019-07-17	"I want to be able to take my sweet fur baby Skye on this hike."
Byron Pollitz	Salt Lake City, UT	2019-07-17	"Dog owners are already very limited on hikes that have lakes for them to swim in on hot summer days. Don't take this one from us."
Maggie Walker	Sandy, US	2019-07-17	"This is a favorite area for hiking with our dogs, especially since options are so limited due to watershed restrictions elsewhere."
Melissa Thomas	West valley city, UT	2019-07-17	"Please keep this lake open to dogs. There are already so few areas we can go with them. Making fewer areas for them and us to enjoy is the wrong direction to go."
Vickie Rodriguez	West Jordan, UT	2019-07-17	"My dog loves playing in the lake!"
Elise Napolitano	Sandy, UT	2019-07-17	"We love hiking with our dog up to bloods lake and the surrounding lakes. We feel the"
Kyle Daluga	Sandy, UT	2019-07-20	"We were promised in the bond that it would preserve the recreational use!"
Andrew Muse	Park City, UT	2019-07-22	"This should be a dog friendly space!"
Robln Mazzone	Park City, UT	2019-07-22	"Keep the space dog friendly please."
nicholas blackwell	park city, UT	2019-07-22	"We as a community saved this land. If it's taken away from us what was the point? If the community can't use it then we should have let it become another colony"
Brian Mehregan	Denver, CO	2019-07-22	"Shutting it down to all dogs due to a handful of bad dog owners is absurd. We paid to protect this land, we get to enjoy it with our furry friends!"
Jordan Curtis	Heber City, UT	2019-07-25	"I have a dog I take up there all the time it's the only lake we can go to in pc"
Alex Stoy	Park City, UT	2019-07-26	"we saved this space for everyone, including our furry friends"
Mark Gaunt	Salt Lake City, US	2019-07-26	"Dogs should be able to enjoy this space too."
Dezerae Sharpe	salt lake city, UT	2019-07-28	"I am a tax payer and responsible dog owner. I enjoy taking my dogs out in nature."
Danielle Jenson	Sandy, UT	2019-08-01	"This is the closest lake to hike to out of SLC. Stop closing off trails to dogs, and the impact wouldn't be so great. You're funneling all the dogs into just a few areas. Limiting is creating the exact problem that you're trying to avoid!!! It's ridiculous. There are so many responsible dog owners that love and cherish bloods lake."

Name	Location	Date	Comment
Cally Orr	West Jordan, US	2019-08-01	"Please keep this hike dog friendly!!"
kelby farnsworth	west valley, UT	2019-08-02	"We need areas to take our doggies"
Marie Dickerson	Salt Lake City, UT	2019-08-02	"The areas for off leash dogs are getting fewer and fewer and farther away. Dogs are better neighbors when they get to run and be dogs."
Robin Archer-Kidd	Bryan, TX	2019-08-05	"Right thing to do...dogs should be allowed"
Jesse Hegeman	Salt Lake City, UT	2019-08-07	"I started this petition. I moved to Utah as my employment makes me move quite frequently. I've moved to several different states in the past decade and have never witnessed so many dog restrictions before. If you live in Salt Lake County it seems American Fork and Millcreek are your only options. Watershed reasons shouldn't keep the public out of public lands. If you keep shutting down areas the problems you are trying to solve will be worse as your funneling everyone to these select few areas. If this trend continues dogs will not be allowed anywhere in the mountains we enjoy. Host more public "clean up days", get people involved. Stop making rules to ban the area. It's a shame the 1% of people that leave trash and don't clean up after their dogs ruin the entire area for all of us."
Samantha Aird	US	2019-12-17	"I'm signing because we need dog friendly areas to hike with our dogs."
Miquelle Askew	US	2019-12-18	"I'm signing because getting outdoors with our dogs is becoming more and more difficult in Utah. The leash laws and restrictions to dog areas have become out of control. Public land should be public for those to enjoy. Ways to mitigate trash and waste would be by hosting more events to help educate others like trash clean up days, more doggie trash bags available, and more areas for people to enjoy with their dogs. Millcreek is really the only canyon for dog owners in the SLC valley and even that has leash restrictions. Keep our land public and open to all, fur friends included."
Cynthia Burdick	McKinney, TX	2019-12-18	"I love to be with my dog outdoors!"
Kelly pack	Salt Lake City, UT	2019-12-18	"We need more off leash hiking! Water access too!"
Jill Jones	West Jordan, UT	2019-12-18	"My dog & myself are very responsible"
Jana BATTERY	Bountiful, UT	2019-12-18	"Jana B."
Maggie Walker	Sandy, US	2019-12-18	"We love having somewhere to hike with our dogs. With no access to the Cottonwood canyons for them, Bloods Lake is one of the easiest nearby mountain hikes for us together."
Christina Hyer	Riverton, UT	2019-12-18	"I love hiking. I love hiking with my dog. There are very few mountain hiking options with my dog near the Salt Lake Valley, and that there is talk of further restricting dog-friendly trails is incredibly depressing. I have personally hiked Bloods Lake with my dog many times and have found it to be clean and have well-behaved dogs on the trail. I value the relatively easy access to a dog-friendly mountain

Name	Location	Date	Comment
			lake trail that Bloods Lake provides. Please don't further restrict the options for dog-friendly trails!"
Madl thacker	Herriman, UT	2019-12-18	"My dogs and I love this hike!"
McKenzie Roers	Bellingham, WA	2019-12-18	"As a dual dog owner, we would be so sad to see this trail disappear from our summer hiking options. We are already very limited on places to take the pups and this has been our favorite trail for years now."
Catherine Leslie	Berthoud, CO	2019-12-18	"I support very strict penalties for those who ignore rules about picking up after their dogs but those who follow rules should not be penalized. Please continue to allow access."
Christel Fabienke	Germany	2019-12-19	"SchlieÙe mich der Petition an"
Paul Beckstead	US	2019-12-19	"The good boys and deserve to enjoy the outdoors! Don't let poor owners ruin this."
Jon Bednar	Park City, UT	2019-12-20	"We are local dog lovers and will be saddened to not be able to enjoy this area anymore."
Stevee Francis	Sandy, UT	2019-12-20	"Dog-friendly jokes are limited as it is in Utah, please continue to allow dogs! We have been hiking here for years and love having a close to home options for our puppies that love to swim. The new trailhead allows ample space for more effective education and communication about dog-hiking-etiquette instead. Show the public how much Utah loves dogs."
Kate Kenner	Gulford, VT	2019-12-20	"Dogs like to have fun too and they do not leave trash behind."
Gabriela Szkanderova	West Jordan, UT	2019-12-21	"Love the trail"

DO = 6mg/L

[View \(/CWIS438/Browse/Project/Vis](#)

Sunny cool day. D.O. 5

ppm. All colonies were pink or white.

Dax Reid from Provo Water Shed came along to collect arsenic samples. Kyle Sedgwick helped with Tier 1 monitoring. DO was 5.5. There were a lot of people and dogs swimming and around the lake. We collected an extra e-coli sample in an area that was stagnant and scummy.

D.O. 5 ppm. Beautiful day, only 2 other people at the lake.

Lot almost full at 8:30 with hunters and hikers. Lake levels much lower. The fuschia coliform grew quickly in the sample, but because of lower lake levels, the sample was collected at a shallow depth. Sample collected on west side of lake. Dissolved oxygen was 5 ppm.

The road was closed for a week so no access. The snow was deep so I was only able to monitor Bloods Lake. There was no access to Lackawaxen. There was about 1/4 inch of ice on the lake. Took a pretty big rock to break through the ice. I collected an arsenic sample in addition to the monitoring.

Tracy and Brian Sedgwick Tier 1 monitoring at Bloods and Lackawaxen lakes. Unable to get up in June due to snow and trail closures. We think pH strips are not accurate.

Tracy Sedgwick and Dax Reid. Collected As sample and we both collected Ecoli samples for comparison. Also we collected temp and pH independently and discovered pH strips not accurate. Water levels high and mosquitoes present.

Clear cool day. Lots of campers by lake. Last month used insitu for pH, temp. pH strips inaccurate - pH higher than strips indicate.

Beautiful day and the lakes had not yet frozen over. Clear cool and calm.
